ADVANCED ACTIVE SHOOTER TRAINING

Active Shooter Response techniques have evolved since the agency was first trained. This one-day course will expose the student to the department's currently accepted response protocols and tactics. The student will be trained in tactics that will allow them to effectively handle an active shooter situation, no matter the location. The techniques taught can also be utilized in other areas of police work. The student will work in teams of two, three and four members. This school will also utilize force-on-force training tools during scenarios.

This class is limited to twenty (20) students per session.

Dates:	May 10-May 11
Location:	To be determined
Enrollment:	24
Requested Deadline:	February 15

***Additional schools will be offered. Announcements will be made by Telex.**
